USE TAX

In November of 1998, the voters of Phillips County adopted a 1% sales and use tax. The use tax applies to construction materials used in buildings throughout the county. The Uniform Building Code has established that an average of 52% of the cost of structures is materials.

Your use tax is calculated with the following formula.

<u>Total Cost of Project</u>	times	<u>Materials UBC Factor</u>	equals	<u>Estimated Materials</u>
------------------------------	-------	-----------------------------	--------	----------------------------

EXAMPLE

\$75,000	X	52% (.52)	=	\$39,000
----------	---	-----------	---	----------

<u>Estimated Materials</u>	times	<u>County Sales Tax Rate</u>	equal	<u>Use Tax</u>
----------------------------	-------	------------------------------	-------	----------------

\$39,000	X	0.01	=	\$390.00
----------	---	------	---	----------

The Use Tax is utilized for the county's general and road and bridge funds.
