Surface Seismic Survey to carry seismic vibrators between and including Road # \_\_\_\_\_ and Road # \_\_\_\_\_ and between and including Road # \_\_\_\_\_ and Road # \_\_\_\_\_.  
(Include legal description of property crossing from and property crossing to and county roads being crossed).

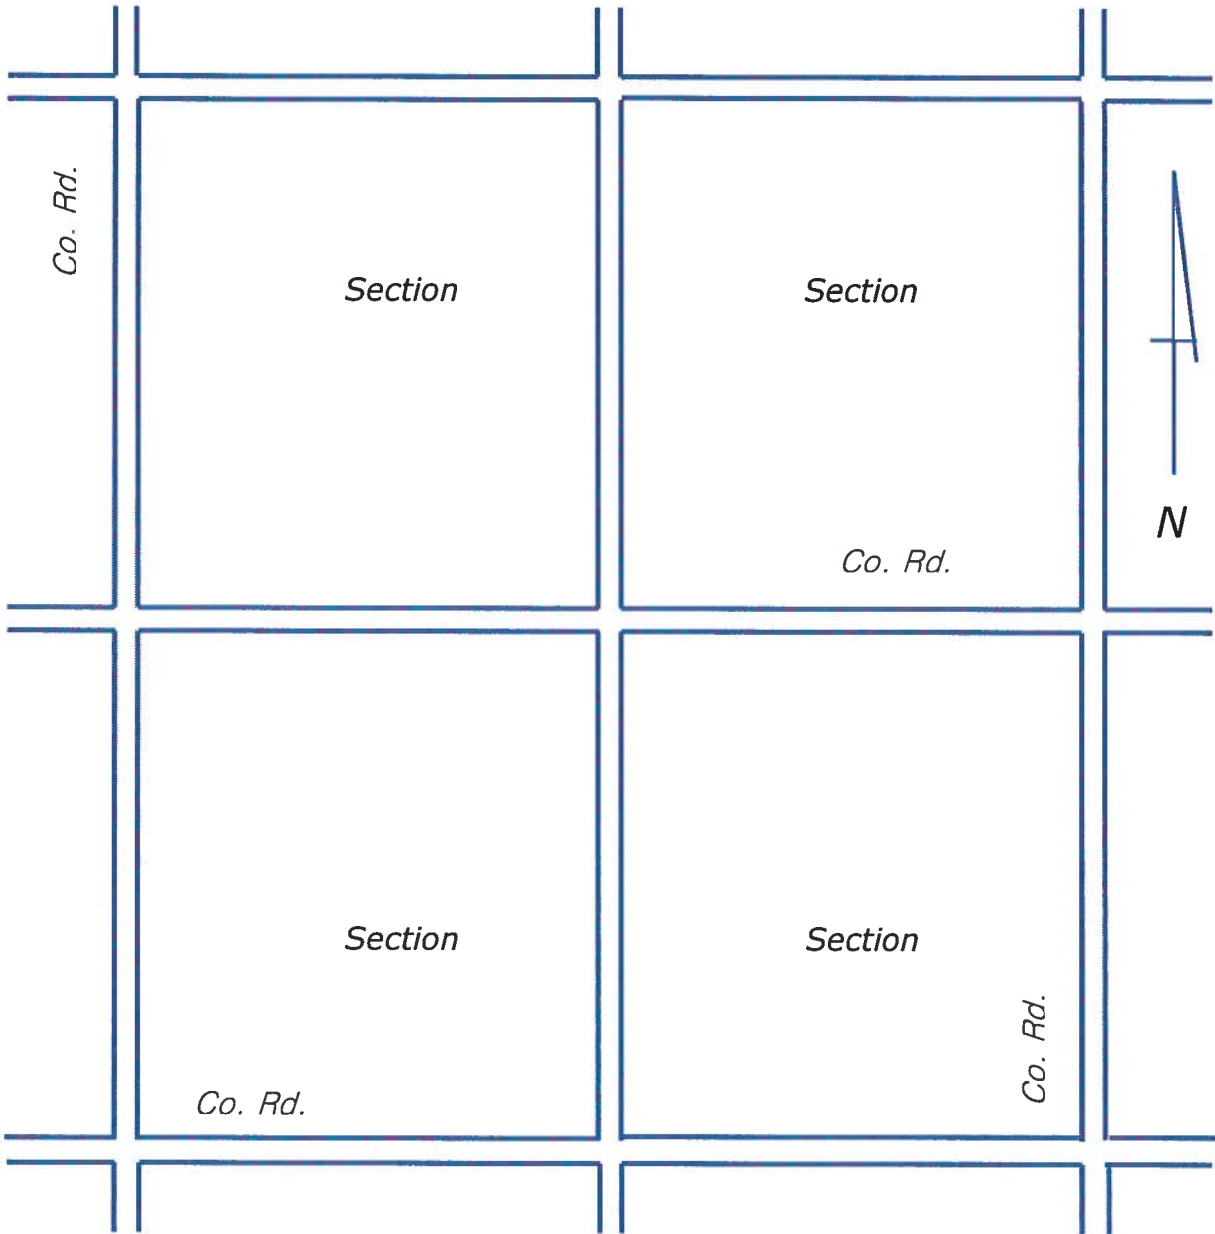

1. All work shall be done in a workman like manner. If there is damage to the roadway, replacement fill will be properly compacted and the road surface will be replaced to meet the existing surface conditions. The right-of-way shall be left in a condition satisfactory to the District Road Foreman.
2. \_\_\_\_\_ shall hold the County harmless from any damage that may result to said roadway because of the vibrating on road surface of said survey line, and also safeguard and protect adjacent property.
3. The County will assume no responsibility for damage to the survey operations occasioned by County construction or maintenance operations.
4. The County will give \_\_\_\_\_ sufficient notice of any proposed construction or maintenance work that is likely to hamper operations in order that \_\_\_\_\_ can arrange to protect the surface cables and avoid damage.
5. The County will be furnished a plat map of the proposed project, and \_\_\_\_\_ will notify the County of beginning and completion dates.
6. \_\_\_\_\_ shall be responsible for providing proper signing and flagging during construction.
7. \_\_\_\_\_ will be responsible any damage to other underground utilities in the area.
